

**Upon a Star is a company that started as a grass-roots organization. We have an objective of assisting seniors that may be in need of something special.**

Our intention is to reach out to seniors and help them with a task or wish that they could have or maybe something that they dream about. Something that touches their heart and brings them joy.

It could be something as simple as conversation or visitation. Maybe their wish would be to write their life story. Here are some other examples of what they may desire:

- Fresh flowers to brighten their day
- Music cd's, cd player or help create a playlist
- Seasonal apparel or a cozy blanket
- Hobby supplies to help create for self-expression
- Assisting with seasonal decorations or household tasks

Each project is tailored to each individual and will be subject to our ability to help.

All of our tasks are self-funded and we are not charging any senior for services.

We will help where we can and depending on our funding, grant our senior clients and fill their wishes.

Here is what our seniors are currently saying about our services:

*"It's a big help for Julie to help me with my computer work".*

*"Julie volunteers with our residents in our community."*

**If you know of anyone who could benefit from our company, please reach out to us so we can start giving back to our seniors and our community.**
